

Entity Management Solution

Cyberbahn Entity Management solution is a Canadian cloud-based corporate records management tool that streamlines repetitive tasks and helps ensure your business records match the public records. With centralized data storage and automated email reminder alerts, you'll spend less time entering and maintaining data and scrambling to meet filing deadlines. You'll have more time to devote to finding new clients and generating billable work.

THE POWER OF A SINGLE SOLUTION

Unlike other services, we combine a new user interface and dashboard with our complete line of entity management transaction services – including direct-to-government filing. So, in one secure location, you can do everything related to the life cycle of your entities – from conducting name searches and incorporating businesses and initial return filings – to managing and maintaining your corporate records.

A CANADIAN CLOUD-BASED SOLUTION

A centralized solution of up-to-the-minute entity information reduces reconciliations and makes fast work of annual returns, consolidations, and filings. Your data is stored on secure Cyberbahn servers, so it's available in the event of a business continuity or disaster recovery event. Because the solution is cloud-based, you'll save on technology costs because there's no need for software, upgrades, or IT support.

A COMPLETE SUITE OF TRANSACTION SERVICES

- Incorporation and Organizational Proceedings
- Name Searches
- Corporate Maintenance and Changes
- Legal Supplies and Minute Books

With our comprehensive Entity Management solution, you'll save valuable time, so you can work smarter, not harder.

EXPERIENCE THE BENEFITS

- **Streamline repetitive tasks.**
You'll only have to enter the same data once. If you update information on any record, it is automatically updated in each filing where it occurs. You'll reduce data entry errors and ensure that your corporate records match the public records.
- **Store and manage your corporate records online free.**
Unlike other services, there are no annual subscription fees. You can store, update and manage your corporate records online in one centralized database – absolutely free. You only pay for transactions such as name searches, incorporations, registrations and filings.
- **Get advance notice of your filing deadlines.**
Create automated email reminder alerts to ensure you never miss an important filing deadline again. In addition, the system automatically generates alerts about key legislation requirements. Its compliance made easier.
- **Create your online minute book free.**
After you complete your initial organization, the system automatically creates an online minute book for your business entity.
